

JOHN KALU

Product Designer

Location: Lagos, Nigeria | **Email:** mrkalujohn@gmail.com | **Phone:** (+234) 7081892954 | **Portfolio:** Kalu-john.vercel.app

ABOUT ME

Product Designer with 5+ years of experience designing scalable digital products across FinTech, AI, Fraud & Risk Management, Web3, E-commerce, and Logistics. I leverage on Ai in transforming complex business processes into intuitive, user-centered experiences that drive efficiency and growth.

At Datamellon, I led the design of MellyGuard, an enterprise fraud management platform, and MellyAI, an AI-powered fraud intelligence system supporting investigation, monitoring, and compliance workflows.

As a UI/UX Design Instructor at Codar Tech, I mentored aspiring designers and guided them toward building industry-ready design careers.

PROFESSIONAL EXPERIENCE

Datamellon, Lagos, Nigeria (Full Time - Hybrid) - Product Designer Sept. 2025 – Present

- Designed and shipped MellyGuard, an enterprise fraud-detection platform comprising three core products: Fraud Detection, AML, and CTF modules.
- Designed MellyAI, a fraud-intelligence AI system with multiple task-based agents supporting investigation, monitoring, and analysis workflows.
- Led the design of NSWAI, delivering end-to-end product experience across web and dashboard surfaces.
- Led the design of a robust admin dashboard featuring Audit Logs, Webhooks, User Management, Roster Management, and System Settings.
- Designed an SOP AI interface to guide internal operational processes through AI-assisted workflows.
- Collaborated closely with product managers, engineers, compliance specialists, and stakeholders to ensure successful product delivery and implementation.
- Contributed to establishing scalable design processes, documentation standards, and reusable design components across multiple product lines.
- Created executive presentations, organizational structures, branded product assets, and event design materials supporting business development and stakeholder engagement initiatives.

Viscio Logistics, Lagos, Nigeria (Full Time - Remote) - Lead Product Designer Jan. 2024 – 2025

- I Built a rider review system for performance evaluation, enhancing operational transparency.
- I Redesigned the company website, leading to a 5% increase in visibility and revenue and a 15% boost in securing partnership deals.
- I Worked closely with developers and stakeholders to ensure pixel-perfect implementation of designs and

seamless project execution.

Codar Tech, Lagos, Nigeria (Part Time - Onsite) - Product Design Instructor Mar. 2025 – Sept. 2025

- Taught UI/UX design to beginners with no prior experience, guiding students from zero knowledge to industry-ready designers through hands-on, real-world projects.
- Delivered curriculum on design thinking, UX research, usability, and user-centred problem solving.
- Implemented a portfolio-driven learning approach, ensuring students graduated with strong, job-ready case studies.
- Mentored students on industry standards, tools, and best practices, helping shape the next generation of designers.

Silicash, Lagos, Nigeria (Contract) - UI/UX designer Jan. 2025 – May. 2025

- Designed a complete end-to-end digital ecosystem, including a mobile app (iOS & Android), marketing website, and enterprise-grade admin dashboard.
- Created intuitive user flows focused on financial accessibility, ease of use, and scalability
- Designed a robust admin dashboard for managing users, transactions, and system configurations.
- Partnered with engineering teams, designers, and stakeholders to deliver the product within timeline and scope

Zeph Agency, Lagos, Nigeria (Part Time - Remote) - UI/UX designer Jun. 2024 – Dec. 2024

- I Successfully executed over seven diverse products for clients across industries such as FinTech, Web3, eCommerce, delivery, and logistics (unable to showcase due to NDAs)
- I Managed end-to-end processes, from handover to product implementation, ensuring seamless execution and delivery
- I Gained a 55% boost in knowledge and skill development through designing for various industries, sharpening expertise in adapting to unique business needs

EDUCATION

B.Eng, Computer Engineering – Abia State University (2017 – 2022)

National Youth Service Corps (NYSC) – (2025)

DIGITAL SKILLS

Design Skills - UX Design • UI Design • Usability Testing • Prototyping • Wireframing • Mobile App Design • Web Design • Interaction Design • Design Systems • Design Documentation

Leadership & Collaboration - Stakeholder Management • Team Building • Strategic Thinking • Vision Boarding • Design Workshops • Mentorship • Communication • Cross-functional Collaboration • Performance Management

Tools - Figma • Miro • ChatGPT • Claude AI • Google Forms • Typeform • Jira • MS Office • Google Suite • Lovable AI • Figma Make • Stitch • Melly AI
